

# Bärenjäger Honey Liqueur

## Tasting Notes

### Bärenjäger

---

Nose: Intense set honey initially, then more honeycomb like aromas and some vanilla and caramel notes.

---

Palate: Like a dilute honey, very pure sweet flavours, but the mouthfeel is excellent, delicate and elegant; quite lively thanks to the alcohol with hints of toffee apples.

---

Finish: Warming and edged with residual sweetness.

---

Comment: Not too intensely sweet and not sickly - could be taken neat over ice. Would be amazing on good vanilla ice cream.
